▪ Specification

Infrared Illuminator

Emitter	LED
IR Wavelength	850nm
IR Optical Power	Up to 850mw
Beam Angle	15°
Irradiation Distance	Up to 200m

Power Supply

Output Voltage	3.6V
Battery Type	HIKMICRO HM-3633DC
Capacity	3.35Ah
Battery Operating Time	Up to 5.5h

Environmental Characteristics

Operating Temperature Range	-20°C~50°C(-4°F~ 122°F)
-----------------------------	-------------------------

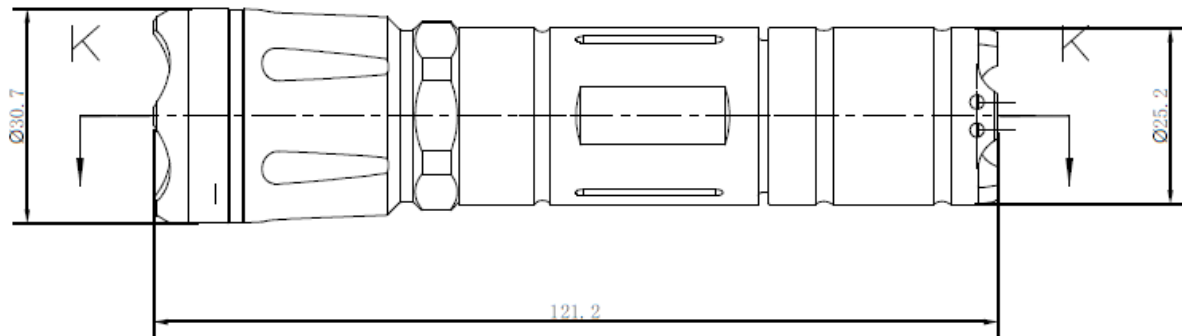

General

Body Material	Metal & Plastic
Dimensions	121.2mm x 30.7 mm x25.2 mm
Weight	95g

Available Model

HM-L028IR

Dimension

Optional Accessory (Sold separately)

HM-GRYPHON-IRB01

HIKMICRO Bracket
