

Technical specifications

Technical specifications :

Model	NORTIS 14Pro
Rotating test	Auto, flip up auto shut off
Battery type	Lithium batteries CR123x1(AA battery optional)
Power	<0.1W
Voltage range	2.6-4.2V
Battery capacity	500-800maH
Continue working time	60-100H
Control type	ON/IR/AUTO
Magnification	1X
FOV (degree)	40+/-2 degree
Eyepiece diameter	30mm
Eye relief	25-40mm (full FOV)
Eyepiece aperture	9mm
Diopter range	-6 to 4 or -4 to 6
Parallelism of optical axes	<0.05°
Optical aperture	F1.18 25mm
Optical MTF	120LP/mm
Optical distortion	0.5% Max
Relative Illumination	>75%
Lens coating	FMC
Focus range	0.25M-∞
Rollover detection	Solid non-contact automatic detection
IR	850nm 20mW
IR indicator	Yes
Low battery indicator	Yes
Dimension	108x55x70mm(without eyecup and lens cover)
Weight	245g
Environment rating	IP65/IP67
